

# Do's and Don'ts

**Do** dress your child appropriate to the weather, because children will be going outside whenever possible.

**Do** notify us before 9:00pm the night before or at least 1 hour before your scheduled arrival time in the case of illness.

**Don't** bring your child if not feeling well.

**Do** feed your child if you are arriving at or after 8:00 a.m.

**Do** label every item brought to the day care home.

**Don't** misunderstand! The purpose of this facility is a family day care. I am not a babysitter- I am a child care provider running a program – Drop in care is not offered and you must adhere strictly to the pickup and drop off time contracted between us.

**Don't** ask me to administer drugs.

Over the counter & prescribed Medications will be used only if you have completed a BCAL-1243 Medication Permission and Instructions Form.

**DO** stay in the Pick up/Drop off area at all times. This applies at all times of day. Children tend to behave out of character when their daily schedule is disrupted.
